THE BEST OF MAZATLÁN

Visit Mazatlan on your next Mexican Golf Vacation!

Mazatlan has three 18 hole championship golf courses, a lovely 9 hole community golf course and one of the best driving ranges in Mexico. Whether you are an experienced golfer or just interested in learning the game, Mazatlan golf courses will challenge and thrill you!

Club de Golf Campestre 9 Hole Mazatlan community golf course

Club de Golf Campestre is the local golf course in Mazatlan, and has been the training ground for Mazatlan golfers for over three decades.

Club de Golf Campestre is a 30 year old nine hole course nestled in the colonias of Mazatlan and only about 15 minutes from the Golden Zone. This course sports two sets of tees, and its 6,597 yards are complemented with small well-maintained greens which are very well bunkered.

This course will test your abilities -- one of the three legs of the Sinaloa State Tournament is held annually at Club de Golf Campestre, and even seasoned golfers find the course challenging.

Unlike the other two Mazatlan golf courses, motorized carts will probably not be available. Caddies are available at Club de Golf Campestre and the members and staff make visitors feel very welcome. An excellent choice for golfing in Mazatlan -- or for professional golf instruction in Mazatlan -- the Club de Golf Campestre club house has snacks and, like all golf courses in Mazatlan, a full bar.

Simply: a great place to go golfing in Mazatlan!
